Subject: EPA Statement about Water Sampling Results in Dimock, PA

Hi Tamara,

This statement explains the status of water test results for wells in Dimock, Pa. I'll be sure to contact you when we have releasable results for the public,. -- Terri
"EPA expects to begin receiving validated results of water samples from labs in the near future. Once that information is received we will determine next steps in coordination with the state, with the first important step being sharing relevant information with homeowners. Once we have notified the homeowners, we will share a summary of the information with the interested public."
